

# **Surrealist Assignment**

## **Part 2**

### **Creating a Podcast and Uploading it on Our Wikispace Page**

What is a podcast?

A podcast is digital media files that are made in a series. They are most often audio files but they can be visual files or both types. The listener can subscribe to the series. People produce podcasts as an inexpensive way to portray their ideas so they can be heard by many people.

## **Surrealist Assignment Part 2**

Make sure that you read both parts of the assignment so you understand how each affects the other one.

### **Creating a podcast**

1. You may utilize the paper that you have written to create a podcast or you can research another surrealist artist or the surrealist movement.
2. Create a podcast utilizing Mixcraft 5 to as a recording aid and save your podcast as a mp3 file.
3. Upload your mp3 file to avmypodcast.com to create a feed to your podcast.
4. The links for both Mixcraft 5 and avmypodcast.com are listed on the Resource and Links page. Both websites contain explicit directions on how to utilize each site, what to download and how to succeed at creating a podcast.
5. Once the podcast has been created upload it as a link to your wikispace page on our class livingart wikispace page.
